

Vocational School of National Palaces and Historical Buildings

The decision to found the Vocational School of National Palaces and Historical Buildings was taken by a protocol between the Turkish Grand National Assembly (TBMM) Presidency and Yıldız Technical University and the school began to admit students in the 2007-2008 academic year.

The primary target of the school is to educate the mid-level technical staff required for the maintenance and repair of palaces and pavilions of the TBMM National Palaces nationwide.

Education at the Vocational School of National Palaces and Historical Buildings is carried out in buildings in the garden of Yıldız Palace.

The duration of education is 2 years.

Department of Technical Programs

- Building Preservation and Renovation Program
- Interior Preservation and Renovation Program

The programs accept applications from graduates of construction, construction design, decorative arts, restoration, conservation, woodwork, furniture and decoration, interior organization and interior design departments of vocational high schools without examination.
